AN INSPIRATION TO MANY · CLASS OF '92 · SMITHFIELD STATE HIGH SCHOOL

Yesterday, Sunday 11th January, marked twenty months since that awful devastating day Sharon and I visited with her at the "Ghost Bike" on Cook Highway in the morning We then went to Trinity in the afternoon to say "hello" and this broke our hearts It was done deliberately and we found the rock that was used to hit Our Precious Girl in the face

We go to this spot numerous times a week We see and speak to so many kind and considerate people there and it gives us a lot of comfort

If you look at Sharon's Facebook Page linked above, you'll see that there has been a tremendous outpouring of support for us Along with offers to assist with any costs involved to fix the damage There is also deep hatred and anger expressed at whoever did this

I am writing now in the desperate hope that the Plaque can be repaired and / or restored Should an inspection be necessary, I am more than happy to meet there at any time you nominate Please ring ( 40576043 ) or email me back

Thank you both again for the kindness you have shown Our Family

Geoff, Sharon and Brett Roneberg
