## Why you'll love this trip

Explore the ruined cities of Anuradhapura and Polonnaruwa

Wander through the Temple of the Sacred Tooth Relic in Kandy

Lion Rock at Sigiriya is an amazing ruined fort and one of the highlights of this fine country

Trek through lush tea plantations

Indulge in seafood feasts in quaint fishing villages

Dip your toes in the calm, clear waters off the beach at Mirissa

Is this trip right for you?

Though its equatorial position means fairly constant year-round temperatures, the summer months in Sri Lanka are very hot with short, sharp monsoons in the south-west of the country

Be sure to use adequate sun protection and drink plenty of water

The jungle hike is approximately 6.5 hours, accommodation is a comfortable lodge

It's relatively flat but it's around 12km each day hiking

If you have issues with heights, you may wish to sit out the climb of Lion Rock at Sigiriya ... there are lots of rough, narrow steps and tight walkways

The drive from Bandarawela to Mirissa on day 11 is downhill, windy and slow ... motion

sickness has been an issue for some travellers in the past

## **IMPORTANT NOTES**

1 - a single supplement is available on this trip and is valid for all nights of tour with the exception of nights 9 and 13.

2 - in the wet season, we occasionally need to alter the length and itinerary of the Hill Country hike due to wet weather

3 - the Perahera Festival is a 10 day period of evening processions to honour the Sacred Tooth, which is enshrined at Kandy's Temple of the Tooth ... each night features

thousands of performers, including dancers, drummers, and a parade of more than 50 decorated elephants ... due to Intrepid's stance on elephant cruelty we do not visit the Perahera Festival and cannot purchase tickets on your behalf

4 - train tickets from Kandy to Bandarawela are in very high demand and tickets for the train from Galle to Colombo cannot be pre-booked ... we always try our best to secure tickets, though on the rare occasion that we cannot you will be provided with a private bus to take you to your next destination

## **ESSENTIAL TRIP INFORMATION**

### **PASSPORT AND VISAS**

Visas are the responsibility of the individual traveller ... entry requirements can change at any time, so it's important that you check for the latest information ... please visit the relevant consular website of the country or countries you're visiting for detailed and up-to-date visa information specific to your nationality ... your consultant will also be happy to point you in the right direction with acquiring visas ... visas can take several weeks to process, so familiarise yourself with any requirements as soon as you have booked your trip to allow for processing time

### **SRI LANKA**

Foreign passport holders are required to obtain a visa prior to entry into Sri Lanka

This can be done on-line at the following website: [www.eta.gov.lk](http://www.eta.gov.lk)

Detailed information and application forms are provided here ... the process is simple and the cost is US\$20 for most countries

### **MEDICAL AND HEALTH INFORMATION**

All Intrepid travellers need to be in good physical health in order to participate fully on this trip

When selecting your trip please make sure you have read through the itinerary carefully and assess your ability to cope with our style of travel

Please note that if, in the opinion of our group leader or local guide, any traveller is unable to complete the itinerary without undue risk to themselves and/or the rest of the group, Intrepid Travel reserves the right to exclude them from all or part of a trip without refund

You should consult your doctor for up-to-date medical travel information or for any necessary vaccinations and anti-malarial requirements before departure

We recommend that you carry a first aid kit as well as any personal medical requirements (including a spare pair of glasses) as they may not easily be obtained at the locations on this trip

For legal reasons our leaders and guides are prohibited from administering any type of drugs including headache tablets and antibiotics  
Please ensure that you are adequately prepared

## **DENGUE FEVER**

Rare instances of dengue fever have been reported in this region ... this virus is transmitted by mosquitoes ... there is no vaccination against it, but there are preventative measures that you can take such as wearing long clothing, using repellent and being indoors particularly around dusk and dawn

## **FOOD AND DIETARY REQUIREMENTS**

While travelling with us you'll experience the vast array of wonderful food available in the world

Your group leader will be able to suggest restaurants to try during your trip

On our camping trips we often cook the region's specialities so you don't miss out

To give you the maximum flexibility in deciding where, what and with whom to eat, generally not all meals are included in the trip price

This also gives you more budgeting flexibility

As a rule our groups tend to eat together to enable you to taste a larger variety of dishes and enjoy each other's company

There's no obligation to do this though

Sri Lanka has a good selection of vegetarian food from veg curry and rice (a Sri Lankan staple) to hoppers, veg rotti and an amazing array of fruit

There is a large south Indian population in Sri Lanka cooking great veg and pure veg south Indian cuisine

For those who eat fish, seafood is in abundance around coastal areas

'Rice and curry' is the national dish of Sri Lanka and is found on almost every menu

This dish (changing from one restaurant to the next) is a array of small, spiced dishes made from vegetables, meat (commonly chicken) or fish, and served with pappadoms, chutneys and sambol

Your tour leader will be able to direct you towards restaurants that are known to have better hygiene, especially in tourist areas where they are travelling with our groups regularly

Some tips that will help you stay well when eating in Sri Lanka (and around the world) include

- stick to restaurants and street stalls busy with locals - local families eating there are a good bet
- wash your hands before eating (most restaurants will have a hand basin or bathroom) or use a sanitising hand gel
- give yourself a few days to get used to local food, especially spicy food
- if in doubt, stick to the veg meal

- avoid salads and peel fruit to avoid eating skin that may be washed in local water
- steer clear of ice unless in higher end restaurants
- drink more chai

Keep some space for the amazing variety of sweets on offer in Sri Lanka

## **ACCOMMODATION**

Guesthouse (1 night)

Hotel (13 nights)

## **OCCASIONAL ALTERNATIVE ACCOMMODATION**

The style of accommodation indicated in the day-to-day itinerary is a guideline  
On rare occasions, alternative arrangements may need to be made due to the lack of availability of rooms in our usual accommodation

A similar standard of accommodation will be used in these instances.

## **TWIN SHARE / MULTI SHARE BASIS**

Accommodation on this trip is on a twin/multishare basis

Please note there may be times where facilities will be shared rather than ensuite and rare occasions when you share a room with passengers travelling on our different trips than your own

## **CHECK-IN TIME**

Throughout the trip we request that our hotels prepare rooms in time for our arrival, especially if we're arriving prior to normal check-in time

However this isn't always possible which means we won't be able to check-in immediately on arrival at some hotels

Instead, we can store our luggage and explore our new destination

## **PRE / POST TRIP ACCOMMODATION**

If you've purchased pre-trip or post-trip accommodation (if available), you may be required to change rooms from your trip accommodation for these extra nights

## **AIR CONDITIONING**

Please note that not all hotels on this trip have air-conditioning ... all hotels do have a fan

## **TRANSPORT**

Auto Rickshaw, Bicycle, Private Bus, Public bus, Train

## **MONEY MATTERS**

The official currency of Sri Lanka is the Rupee (LKR)

There are now many ATM machines throughout Sri Lanka, which accept both Visa and MasterCard

Although this is a safe and convenient way to access money during your trip, we do recommend that you carry some money as cash when ATMs can not be accessed

Some money should be taken as US dollars cash in case of emergencies

A 'black market' for currency changing does exist in Sri Lanka, these are considered a danger and best avoided

Major credit cards are accepted in the larger shops and restaurants but only in the bigger cities

Some banks will allow cash advances against a credit card

## **SPENDING MONEY**

When it comes to spending money on the trip, every traveller is a little different

You know your spending habits better than we do, so please budget a sensible amount for things like meals not included, drinks, shopping, optional activities and laundry

It's always better to bring a little more than you think you'll need

Also make sure you've read your trip details thoroughly so you know what's included in the trip price and what isn't

This should make budgeting a little easier

You'll find this info in the Inclusions section of your Essential Trip Information (that's this document)

## **CONTINGENCY FUNDS**

We try to plan for every eventuality, but there are still some things beyond our control

Please make sure you have access to an extra US\$500 for emergencies (e.g. severe weather, natural disasters, civil unrest) or other events that result in unavoidable changes to the itinerary (e.g. transport strikes or cancellations, airport closures)

Sometimes these things necessitate last minute changes to enable our trips to continue to run, and as a result there may be some extra costs involved

Suggested budget for meals not included - USD\$350.00

## **TIPPING**

If you're happy with the services provided a tip - though not compulsory - is appropriate

While it may not be customary to you, it's of great significance to the people who will take care of you during your travels, inspires excellent service, and is an entrenched feature of the tourism industry across many Intrepid destinations

Although they can be difficult to source we advise you to carry small notes of local currency each day to make tipping easier

The following amounts are per person suggestions based on local considerations and feedback from our past travellers

Restaurants: Local markets and basic restaurants - round your bill up to the nearest US\$1.00 ... more up-market restaurants we suggest 10% to 15% of your bill

Local guides: Throughout your trip you may at times have a local guide in addition to your tour leader ... we suggest US\$2-US\$3 per day for local guides

Drivers: You may have a range of drivers on your trip ... some may be with you for a short journey while others may be with you for several days ... we would suggest a higher tip for those more involved with the group, however we suggest \$5-\$6 for both bus and the staffs

Your Tour Leader: You may also consider tipping your tour leader for outstanding service throughout your trip ... the amount is entirely a personal preference, however as a guideline US\$5 - US\$6 per person, per day can be used ... of course you are free to tip more or less as you see fit, depending on your perception of service quality and the length of your trip

Remember, a tip is not compulsory and should only be given when you receive excellent service

In total, we recommend you budget approx US\$10-US\$12 per day of your trip to cover tipping

At your group meeting on Day 1, your tour leader will discuss with you the idea of running a group tipping kitty, whereby everybody contributes an equal amount and then your group leader pays the tips while keeping a running record of all monies spent (except restaurant tips)

The record can be checked at any time and any money remaining at the end of the tour returned to group members

This is often the easiest way to avoid the hassles of needing small change and knowing when and what is an appropriate amount to tip

Please don't tip with coins, very small denomination notes, or dirty and ripped notes ... this is regarded culturally as an insult

## **PACKING**

What you need to bring will vary according to the trip style you have chosen, the countries you are visiting and when you are travelling

Generally speaking, we recommend you pack as lightly as possible and make sure that you are able to carry and lift your own luggage, and walk with it for short distances. Most travellers carry their luggage in a backpack, although an overnight bag with a shoulder strap would suffice if you travel lightly

Smaller bags or backpacks with wheels are convenient although we recommend your bag has carry straps

A lockable bag or small padlock is useful

You'll also need a day pack/bag to carry water, camera, and jacket etc, when you're

exploring during the day and for your overnight hike into the tea plantations

## **ESSENTIALS**

Below are some ideas and helpful tips on what you specifically need for this trip

- lightweight clothing ... you will need to bring a mixture of lightweight clothing and warm layers ... long sleeved shirts and pants for protection against mosquitoes are useful ... clothes should be easy to wash and dry ... maybe bring a change of smart clothes for dinner in Colombo ... please also bring clothing that covers arms and pants/skirts that go past the knee for entry into local temples ... for women, a light scarf is also a good idea for covering shoulders and arms when hot
- closed-in shoes will help to protect your feet from cuts and scratches when walking through cities as well as bush/grass-lands, and will also act as a barrier protection in rare cases against bites or stings
- sun protection - hat, sunscreen, sunglasses

## **RECOMMENDED**

- the Hill country of Sri Lanka can be cold, especially on the tea plantation hike ... lease bring a light, warm waterproof jacket
- hiking boots, socks and light hiking clothing such as synthetic T shirt styles that wick away moisture
- personal medical kit ... a larger kit will be on hand with your leader, but we recommend you carry items such as mild pain killers, electrolytes, Band-Aids and insect repellent
- water bottle ... we recommend at least a 1.5litre capacity ... the sale of bottled water contributes to an enormous environmental problem around the world
- camera / phone

## **OPTIONAL**

- ear plugs to guard against street noise, barking dogs and snorers
- a good book, journal and music player

## **LUGGAGE LIMIT**

Please keep your luggage to a minimum

One small soft-sided bag plus a day pack (no more than 15-20kgs in total per person) is essential

We recommend against bringing hard/externally framed suitcases as they are difficult to store and can damage equipment and other travellers' belongings

If your trip is beginning and ending at the same location, excess luggage can usually be stored at your arrival/departure hotel and can be collected after your trip

## **VALUABLES**

Please try to avoid bringing unnecessary valuables, and use your hotel safe  
It's also a good idea to purchase a money belt or pouch that is easily hidden  
We strongly recommend that you photocopy all important documents e.g. air tickets, passport, vaccination certificate, etc. and keep the copies separate from the originals  
While not valid, a photocopy makes it very much easier to obtain replacements if necessary

## **BATTERIES / POWER**

Most of our trips have access to power to recharge batteries for phones and cameras every day  
We recommend that you carry an extra battery for your camera and/or a small portable power bank

## **MORE**

If you need some further tips for packing, you can always check out our ultimate packing list ... <https://www.intrepidtravel.com/packing-list>

## **CLIMATE AND SEASONAL INFORMATION**

Choosing when to travel to Sri Lanka can vary depending on the time of year and part of Sri Lanka you wish to travel to  
The south-western monsoon brings rain to the south-west of Sri Lanka between May and September, while the dry season in this region runs from December to March  
In the north and eastern coastal regions of the country, the weather is influenced by the north-eastern monsoon, which brings wind and rain between October and January, and dryer weather between May and September

## **GROUP LEADER**

All Intrepid group trips are accompanied by one of our group leaders  
The aim of the group leader is to take the hassle out of your travels and to help you have the best trip possible  
Intrepid endeavours to provide the services of an experienced leader however, due to the seasonality of travel, rare situations may arise where your leader is new to a particular region or training other group leaders  
Your leader will provide information on the places you are travelling through, offer suggestions for things to do and see, recommend great local eating venues and introduce you to our local friends  
While not being guides in the traditional sense you can expect them to have a broad general knowledge of the places visited on the trip, including historical, cultural,

religious and social aspects

At Intrepid we aim to support local guides who have specialised knowledge of the regions we visit

If you were interested in delving deeper into the local culture at a specific site or location then your leader can recommend a local guide service in most of the main destinations of your trip

## **SAFETY**

Many national governments provide a regularly updated advice service on safety issues involved with international travel

We recommend that you check your government's advice for their latest travel information before departure and ensure that your travel insurance covers you for all areas your itinerary covers

Please refer to our website's safety page for links to major travel advisories and updates on safety issues affecting our trip

We strongly recommend the use of a neck wallet or money belt while travelling, for the safe-keeping of your passport, air tickets, cash and other valuable items

Leave your valuable jewellery at home - you won't need it while travelling

Many of our hotels have safety deposit boxes, which is the most secure way of storing your valuables

A lock is recommended for securing your luggage

Your leader will accompany you on all included activities, however during your trip you'll have some free time to pursue your own interests, relax and take it easy or explore at your leisure

While your leader will assist you with the available options in a given location, please note that any optional activities you undertake are not part of your Intrepid itinerary, and Intrepid makes no representations about the safety of the activity or the standard of the operators running them

Please use your own good judgement when selecting an activity in your free time

Please also note that your Leader has the authority to amend or cancel any part of the trip itinerary if it's deemed necessary due to safety concerns

For more details on the type of conditions and safety standards you can expect on your trip, please refer to Intrepid's operational safety policy on our website. We recommend that you take a moment to read through this information before travelling, and would appreciate any feedback on how well it's being implemented in the field ...

<http://www.intrepidtravel.com/contact-us/safety>

## **FIRE PRECAUTIONS**

Please be aware that local laws governing tourism facilities in this region differ from those in your home country and not all the accommodation which we use has a fire exit, fire extinguishers or smoke alarms

## **TRAFFIC AND DRIVING ON THE OTHER SIDE OF THE ROAD**

Depending on where you come from please note that drivers in this part of the world may drive on the opposite side of the road from what you are used to

Look both ways before crossing any road

Traffic can be a little more chaotic than you might be used to at home

Be aware !!

## **SEAT BELTS**

Please be aware that local laws governing transportation safety may differ from those in your home country and not all the transport which we use is able to provide seat belts

## **PETTY THEFT AND PERSONAL SAFETY**

While travelling there is always the risk of pick-pocketing and petty theft, particularly in the more touristy cities

We recommend that you exercise caution when walking alone at night and encourage you to walk together and only on main, well-lit thoroughfares

Be particularly vigilant on public transport

Simple measures like carrying your day pack on your front, not hanging your bag over the back of your chair or on the floor and wearing a money belt will reduce any chance that your valuables should go missing

## **BICYCLE HELMETS**

Please note that helmets are not always provided for sightseeing on bicycles

If you wish you can bring along your own

## **A COUPLE OF RULES**

Illegal drugs will not be tolerated on our trips

Possessing or using drugs not only contravenes the laws of the land, but also puts the rest of the group at risk

Smoking marijuana and opium is a part of local culture in some parts of the world but is not acceptable for Intrepid travellers

Intrepid's philosophy of travel is one of respect towards everyone we encounter and in particular, the local people who make our destinations such special places

The exploitation of prostitutes is completely contrary to this philosophy

Our group leader has the right to expel any member of the group if drugs are found in their possession or if they use prostitutes

Everyone has the right to feel safe and secure on their trip

We don't tolerate any form of violence (verbal or physical) or sexual harassment at Intrepid, either between passengers or involving our leaders, local operators or locals. Sexual relationships (consensual or otherwise) between a leader and a passenger are unacceptable.

If you ever feel another person is behaving inappropriately please inform us immediately by contacting the emergency contact number detailed in these trip notes.

## **TRAVELLING ON A GROUP TRIP**

As you travel on a group trip you will be exposed to all the pleasures and maybe some of the frustrations of travelling in a group.

Your fellow travellers will probably come from all corners of the world and likely a range of age groups too.

We ask you to be understanding of the various needs and preferences of your group - patience with your fellow travellers is sometimes required for the benefit of everyone's travel experience.

Remember too that you have responsibilities to the group.

If you are requested to be at a place at a certain time, ensure that you don't keep the rest of the group waiting.

We have found time and time again that the very best trips we operate are those where the dynamics within the group work well - this takes just a little effort on your part.

Due to privacy reasons we are unable to provide you with contact details and any personal information about your fellow travellers booked on your trip prior to departure.

## **SINGLE TRAVELLERS**

Our group trips are designed for shared accommodation and don't involve a compulsory single supplement.

Single travellers share with people of the same gender in accommodation ranging from twin to multishare.

Some of our itineraries have accommodation booked on a mixed gender share basis and where applicable this will be specified in our Trip Notes.

On a selection of our trips, you have the option to pay a single supplement to ensure that you have your own accommodation (where available).

Please note that this only applies to accommodation during the tour - pre-trip and post-trip accommodation will be booked on a single room basis.

A single supplement is available on this trip, please ask your booking agent for more information ... please note that on the following nights the supplement is not available ...

## **TRAVEL INSURANCE**

Travel insurance is compulsory for all our trips ...

<http://www.intrepidtravel.com/insurance.php>

We require that, at a minimum, you are covered for medical expenses including emergency repatriation

We strongly recommend that the policy also covers personal liability, cancellation, curtailment and loss of luggage and personal effects

When travelling on a trip, you won't be permitted to join the group until evidence of travel insurance and the insurance company's 24 hour emergency contact number has been seen by your leader

If you have credit card insurance your group leader will require details of the participating insurer/underwriter, the level of coverage, policy number and emergency contact number rather than the bank's name and credit card details

Please contact your bank for these details prior to arriving in-country

## **RESPONSIBLE TRAVEL**

We believe strongly in low impact or rather positive impact tourism

Broadly speaking, this means that we try to minimise the negative aspects of tourism on the local cultures and environments that we visit and highlight the positive aspects

Please visit our website for further details and suggestions on how you can be a responsible traveller ... <http://www.intrepidtravel.com/ourtrips/rt/responsibletraveller>

When packing be aware that dress standards are conservative throughout Asia, especially outside major cities

To respect this and for your own comfort, we strongly recommend modest clothing

This means clothing that covers your shoulders and knees

Loose, lightweight, long clothing is both respectful and cool in the predominantly hot Asian climate

In many rural areas in Asia women will need to wear modest clothing even to swim

Singlets, tank tops and topless sun bathing are all unacceptable

When visiting religious sites men often need to wear long trousers and women a long skirt or sarong

## **ELEPHANT PERFORMANCES AND ELEPHANT RIDING**

While we respect each individual's decisions while travelling, Intrepid does not include elephant rides or unnatural performance activities on any itinerary, and we recommend you bypass these activities should they be offered to you during your stay

Professional wildlife conservation and animal welfare organisations, including the World Animal Protection (formerly the World Society for Protection of Animals) advise that contrary to common belief, captive elephants remain wild animals and despite good intentions, unfortunately many venues are unable to provide the appropriate living conditions elephants require and this ultimately impacts their well-being

While there is some merit in the argument that the money that you pay for the activity goes towards keeping the elephants and their mahouts employed, we know that it also fuels demand for elephants to be captured in the wild or captive bred

We thank you for your support in improving the welfare of these majestic creatures

## **THE INTREPID FOUNDATION**

Since Intrepid Travel commenced operating in 1989 we've been committed to giving something back to the communities we visit

One way has been through our support for local humanitarian, development and conservation projects

Many of our travellers want to contribute something too

Whilst it is often tempting to give hand-outs to those less fortunate, this has the potential to promote a culture of begging and dependency

Handouts are not a sustainable way for individuals or communities to live

That's why we established The Intrepid Foundation – to make it easier for travellers wishing to give back to communities in an effective and meaningful way

The Intrepid Foundation is a not-for-profit fund offering a selection of excellent grassroots organisations which you can contribute to

All donations to The Intrepid Foundation will be matched by Intrepid Travel dollar for dollar (up to AU\$1,000 per donor and a total of AU\$400,000 for all donors in each financial year, excluding emergency appeals)

And every cent gets there as Intrepid Travel pays for all the administration costs

Donating is simple and secure

Please ask your leader for information on the projects we support through The Intrepid Foundation or go to our website ... <http://www.theintrepidfoundation.org/>
